

Guardian Audio® Energy Series Speakers

Guardian Audio® Energy Series speakers are designed for exceptional sound quality and durability, making them a great choice for any live performance venue. The trapezoidal shaped Energy Series speakers have steel grills, recessed handles and a 1 3/8" speaker mount. The vinyl or carpet covering and metal corners make this series very durable

The E12H and E15H have multiple angles and double as main front of house systems as well as floor monitors. The E12VM horn sits horizontal as a floor monitor.

Model	Woofers	HF Driver	RMS Power	Sensitivity (1w/1m)	Frequency Response
E8	8"	piezo	80 Watts	95dB	65Hz~20kHz
E10	10"	dual piezo	100 Watts	96dB	55Hz~20kHz
E12VM	12"	piezo	100 Watts	94dB	50Hz~19kHz
E12	12"	piezo	175 Watts	96dB	45Hz~19kHz
E15	15"	piezo	200 Watts	96dB	45Hz~20kHz
E12H	12"	1"	200 Watts	96dB	50Hz~20kHz
E15H	15"	1.5"	250 Watts	97dB	45Hz~20kHz
