

# Energy Series

Guardian Audio® Energy Series speakers are designed for exceptional sound quality and durability, making them a great choice for any live performance venue.

Model	Woofers	HF Driver	RMS Power	Sensitivity (1w/1m)	Frequency Response
E8	8"	piezo	60 Watts	95dB	65Hz~20kHz
E10	10"	dual piezo	75 Watts	96dB	55Hz~19kHz
E12VM	12"	piezo	100 Watts	94dB	50Hz~19kHz
E12	12"	piezo	100 Watts	96dB	45Hz~19kHz
E15	15"	piezo	150 Watts	96dB	45Hz~20kHz
E12H	12"	1"	150 Watts	96dB	50Hz~20kHz
E15H	15"	1.5"	150 Watts	97dB	45Hz~300Hz
E18SA	18"	N/A	500 sub + 250 satellites	40Hz~300Hz crossover	

The trapezoidal shaped Energy Series speakers have steel grills, recessed handles and a 1 3/8" speaker mount. The vinyl or carpet covering and metal corners make this series very durable. The E12H and E15H have multiple angles and double as main front of house systems as well as floor monitors. The E18SA powered sub has a second amplifier to power satellite speakers.
